

How are financial arrangements handled?

Making Arrangements

Please contact the Center prior to surgery to make financial arrangements and to be sure you are pre-admitted or to ask questions. In most cases, we should be able to estimate the cost of surgery beforehand. Our staff will help you finalize your financial arrangements before surgery. We require that all payment arrangements be made before surgery.

Please check with your insurance company for pre-admission requirements such as second opinions and pre-admission certification. This will facilitate the admitting process.

Charges

Billing for the Center and physician are separate. The Center charges include use of the operating room and equipment and supplies for surgery. Your surgeon and anesthesiologist, radiologist and pathologist (if applicable) will bill you separately for their services.
